

EFFECTIVE RECORDS AND INFORMATION MANAGEMENT (ARM 108)

PREMISE: The importance of records and information management in organisations cannot be over-emphasized. This is particularly so in the face of wider use of the modern information and communication technology. In spite of its importance, records and information management in most public and private sector organizations are poor and ineffective in keeping pace with modern organizational practices.

OBJECTIVES: This course is therefore, designed to equip relevant officers with the knowledge and skills of effective records and information management. At the end of the course, participants should be able to:

- ◆ explain the principles and practice of records and information management;
- ◆ establish and manage a paper-less office; and
- ◆ use computer to organize and manage information.

CONTENT:

- ◆ Overview of information and communication technology.
- ◆ Management of paper-less office.
- ◆ Records management.
- ◆ Management of interpersonal relationships.
- ◆ ICT application to information management using appropriate software packages for:
 - Documents presentation formats.
 - Information storages and retrieval system.
 - Spreadsheet.
 - Database.

TRAINING METHODS: Lecturettes, group discussions, case studies and hands-on exercises on computer.
